White Pine Riverstone (Easthill Legacy x Whippoorwill Lady Jubilee) is a two year old gelding looking for his new home. He is sweet, kind, and laid back. I expect him to mature around 14.1 so he would be an excellent mount for someone looking for a smaller Morgan. With a couple of years of riding under him, he would be an excellent pony for children. With all the Jubilee King in his pedigree, he is quiet and kind and has excellent conformation. Snap him up now, because he is one of those keepers that never come up for sale. To a good home only. 3,000

White Pine Tirian (Easthill Legacy x Foxtail's Misstinda) is a yearling intact colt as of this writing. If we still have him he will probably be gelded this spring. He is gaited and has a fun personality. I see him as a trail horse deluxe. No trail will be too long for him and he would be a reliable and dependable partner. I guess he will be approximately 14.3-15 hands at maturity. He really enjoys being around people and leads, loads, and is good for the farrier. To a good home only. 2,800

RDL Simplicity (Roy Els Grandslam x Roy-Els Opal) is a 2007 beautiful buttermilk buckskin mare (with clear, not mottled coat) who has a kindly disposition and is a proven broodmare. She is 15 hands, solid and correctly built, with good movement. She enjoys attention and is calm, mannerly, and very easy to work with for any exercise on the ground, including perfect behavior for clipping and easy leading.

When we shipped her here, she got off the trailer at night after a more than eight hour trip and was calm and pleasant, and we've been impressed with her sweet disposition and lack of spook. She's been pastured with other horses and is not dominant.

The current baby she has on the ground by Zimbabwe has good size, a great disposition, and beautiful trot, and we would look forward to seeing more babies out of her but don't have the space for them.

While calm and sweet on the ground, this mare is very anxious under saddle and is not for a beginner. She has had a lot of experience riding and even showing, and has three lovely gaits and a very willing disposition, but she needs some rehabilitation from a calm, confident rider in order to build her confidence under saddle. Photos and video available on request. Asking \$3500. Text or email Emilie at ekedling@aol.com 503-939-5078.
